Communication

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	WhatsApp / Google Meet	Project Team	Discuss daily tasks and project progress.
2	Progress Update	Weekly	Google Meet / GitHub	Team Members & Guide	Review completed work and assign new tasks.
3	Issue / Bug Discussion	As Needed	WhatsApp / GitHub	Developers	Resolve coding errors and technical issues.
4	Stakeholder Review	Bi-Weekly	Google Meet	Guide & Project Team	Collect feedback and improve the project
5	Final Demo Rehearsal	Once	College Lab / Google Meet	Entire Team	Practice the final project presentation.
6	Documentation Review	Weekly	Google Docs	Team Members	Verify and update project documentation.

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Delay in integrating machine learning modules	Assigned tasks among team members and reviewed code together.
2	Errors during API and database integration	Debugged the application, corrected configuration settings, and tested the modules.
3	Managing documentation and code versions	Used GitHub for version control and Google Docs for collaborative documentation.
